mosting of the Democratic Association took place last ing at 932 Broadway. The object of the meeting was express the public sentiment" on the arrest of Val-

atitute hat evening, a new Lodge having been publicly constituted by the Most Worshipful Grand Lodge of the constituted by the Most Worshipful Grand Lodge of the State of New York. The name of this new Lodge is the Adelphic Union Lodge, No. 7. The usual coremonies peculiar to such an occasion were performed, and in addition several choice pieces of vocal and instrumental music were furnished. The ceremonies of consecration and installation were highly imposing. Past Grand Master Ransom F. Wake and Alaxander Elston officiated. A set of splendid jewels were presented to the Lodge by a committee of Now York ladies, and received on behalf of the Lodge by Brothers Imarain D. Lawrence and Augustus Powers. At the close of the cremonies a soloct social entertainment was given by the Lodge, at Metropolitan Mail, in Prince street.

The Late Armsen or Messic. Hurchinson, Maken and
Kennen.—It will be recollected that these three gouldmen were arrested a few days ago by the police, on a
charge of having cheered for Jeff. Dayle in a restaurant to this city. It now appears that the arrests were made (as stated in Sunday's issue) through error, and without any legal warrant. Several of the friends of the incarcerated gentiemen, including the wife of Mr. Hutchinson, called on Super intendent Konnedy and importuned him to release them, but the head of the Metropolitan police force refused to listen to them, and positively douled admission to Mrs. Hutchinson to see her husband for only a few minutes.

STRIKE OF PATROLARS.—The members of the company known as "Petrol No. One," are now on strike for a continuation of their usual wages, which recently suffered a reduction of one-fifth. They publish an advertisement in another column of to-day's paper appealing to the sympathics of New York firemen, and designating some discentionts as "black sheep." The advertisement is signed by a full committee.

Bunglary in Broadway.—On Saturday night last, between twelve and one o'clock, as private watchman Peter Hooney was patrolling his beat on Broadway, corner of Franklin street, he beard a noise as of breaking glass. He soon heard footsteps, and afterwards a sound as of persons unboliting a door. He at once obtained the assistance of a policeman, and on entering the psemisesthey found a man secreted in one of the diosets of the building. He surrendered himself, and on inquiry stated that his name was John Cair, that he was a native of Boston, was trenty-two years of age. He was subsequently removed to the station house, and yesterday was brought before Judge Connoily, who duly committed him for trial. The prisoner's hand was considerably lacerated by broken glass.

JUNY.—The inquest on the body of Mrs. Thomas, whose death was supposed to have been caused by poison, was concluded at Jersey City last evening. The jury rendered a vergict that "Susan Thomas came to her death from a complication of discases. We further deem it our duty to add that we think it a careless or reckiess and inhuman way of disposing of a part of the body, as was done in this instance at the post mortem examination."

Suppar Schoot Armyressay.—The cighth anniversary of the Jersey City Sunday Schools took place yesterday atternoon. Religious services were held in several of the churches, after which the children marched in procession. There were ever one thousand children, representing some twenty schools.

A Resumer of Harlem Found Dato in Rhoos (stard).—The unknown man who recently died on the highway between Woonsocket and Waterford proves to have been John Hope, of Harlem, New York. He leaves a wife and two children. Mrs. Hope has been here and removed the body. At the time of his death Mr. Hope was on his way to his until, Mr. Joseph McClellan, of Millville. He was a stove moulder by trade, but had recently been in Col. Podige's New York Mounted Rifles, from which he was disobarged on account of chronic diarrhers. He doubtless died in an epileptic fit, to which he was subject.—From-socked Patriot.

FINANCIAL AND COMMERCIAL.

MONDAY, May 11-6 P. M. with that of last week:

This statement will elicit very little remark. The decline in the deposits appears to have been near-ly checked, notwithstanding the large accumulation of money at the Sub-Treasury, which will be poured out during the present and the ensuing week. The Milwaukee newspa-pers report Justice Miller, of the United States Supreme Court, before whom a bill of review was brought, as deciding everything material in favor of the land grant bondholders, remarking that if it became necessary he should find that the Milwaukee and Minnesota Railroad Company had not interest enough in the property to make any questions. The report of the case in the Milwaukee Sentinel of the 3th inst. explains the legal position of the parties, which, being interpreted, means that the land grant bondholders, under the name of the Milwaukee and St. Paul Railway Company. have possession of the Western division of the rail-road (one hundred and five miles), all of the rolldivision and the city of Milwaukee mortgage, on neither of which is anything due), and the exclu-sive franchise or only right, except such as the receiver has, to operate the whole road.
